

COVID-19 Protocol

COVID-19 EXPOSURE

*Direct physical contact = sharing utensils, drinking after each other, touching/hugging/ kissing, sneezed or coughed on

COVID-19 SYMPTOMS**

COVID-19 DIAGNOSIS

**COVID-19 SYMPTOMS:

most often fever (though not always) accompanied by 2-3 of the following symptoms:

- chills
- cough
- shortness of breath or difficulty breathing
- fatigue
- muscle or body aches
- headache
- new loss of taste or smell
- sore throat
- congestion or runny nose
- nausea or vomiting
- diarrhea

Reporting Symptoms and Diagnoses to the School

Parents should notify Heathwood school nurse Kristin Cartin immediately if your child, or anyone with whom your child has had close contact:

- Exhibits symptoms of COVID-19
- Is awaiting test results for COVID-19
- Receives positive test results for COVID-19
- Has been exposed to a person who has tested positive for COVID-19 or to a confirmed outbreak of COVID-19
- Has traveled internationally, on a cruise ship, or to a coronavirus hot spot within the U.S., as designated by DHEC or the CDC.

Nurse Cartin may be reached at 803-231-7728 or kcartin@heathwood.org.

What is quarantine?

As per SC DHEC, quarantine is used to separate people who are close contacts of someone with a contagious disease, like COVID-19, from others for a period of time to see if they become sick. This is to prevent the spread of disease. When someone is quarantining, they should stay home and avoid contact with other people until the quarantine period is over. This includes avoiding contact with people in their household as much as it is possible.
