

Dear Parents,

The faculty and staff of Heathwood Hall Episcopal School are excited to welcome your student for the 2025-26 school year. In preparation for your child's arrival on campus in August 2025, we want to make sure that all immunizations required for entrance to a South Carolina school are current. Your child's South Carolina Certificate of Immunization should be sent to Heathwood as soon as possible and no later than May 2025. For international students, the record should be in English and signed by the physician responsible for your child's health care in their home country.

Thank you so much for your assistance with this matter.

Sincerely,

Kristin Cartin, RN, BSN, CPN, NCSN  
School Nurse

Sarah Anne Hardin, RN  
School Nurse
